

YOUNG CHEMISTS' WORKSHOPS

1992 – 2003

Computer Modelling of Chemical and Biological Systems	3-7 May 2003	Porto, Portugal
Nanoscience: From Chemistry and Microscopy to Design of Functional Nano-Structures	11-13 April 2003	Gothenburg, Sweden
Atmospheric Chemistry and Particulate Matter	3-6 June 2002	Birkerød, Denmark
Water Soluble Polymers and their Hydrogels	27 February – 2 March 2002	Vaalbeek, Belgium
Selective Synthesis: New Reagents for Specific Transformations	7-9 June 2001	Fribourg, Switzerland
Functional Polymers	1-3 March 2001	Nijmegen, The Netherlands
Chemical Reactions under Extreme Conditions : High Pressure Chemistry, Supercritical Fluids and Microwaves Chemistry	15-17 May 2000	Arcachon, Bordeaux, France
Magnetochemistry/Molecular Magnets	15-18 April 2000	Florence, Italy
Chemical Preparation of Thin Films, Heterogeneous Catalysts and Related Surface Structures	20-23 May 1999	Helsinki, Finland
Homogeneous Catalysis	21-24 April 1999	Rostock, Germany
Colloid Synthesis and Characterisation	4-8 April 1998	Bristol, UK
Synthesis in Bioorganic Chemistry	26-28 February 1998	Hannover, Germany
Biomolecules: from Structural Information to Chemical Reactivity	12-15 April 1997	Grenoble, France
Supramolecular Chemistry Entering the Nanoworld	21-23 March 1997	Enschede, Netherlands
Catalytic Asymmetric Synthesis	18-20 April 1996	Dublin, Ireland
Advanced Computational Studies of Complex Chemical Systems	17-21 March 1996	Vienna, Austria
Chemistry at Large Facilities: Molecular Dynamics	24-28 September 1995	Oxford, UK
Chemistry under Extreme and Non-Classical Conditions	15-19 May 1995	Göttingen, Germany
Molecular Recognition Chemistry	2-5 May 1994	Copenhagen, Denmark

Coordination Chemistry in the Context of Biological and Environmental Studies	3-7 July 1994	Toulouse, France
Chemistry at Surfaces and Interfaces	17-21 April 1993	Kerkrade, Netherlands
Selective Synthesis	24-29 April 1993	Gent, Belgium
Theory and Modelling of Chemical Systems and Processes	22-26 April 1992	Perugia, Italy
Design and Preparation of New Molecular Systems with Unconventional Electrical, Optical and Magnetic Properties	12-15 April 1992	Durham, UK
